set up all the necessary details

Set up your app

Provide information about your app and set up your Store Listing
Let us know about the content of your app, and manage how it is organised and presented on Google Play

Hide tasks ∧

LET US KNOW ABOUT THE CONTENT OF YOUR APP

- Set privacy policy >
- App access >
- Ads >
- Content rating >
- Target audience >
- News apps >
- COVID-19 contact tracing and status apps >
- Data safety >
- Government apps >
- Financial features >

MANAGE HOW YOUR APP IS ORGANISED AND PRESENTED

- Select an app category and provide contact details >
- Set up your Store Listing >

add privacy policy url : use webpages or github or any

Privacy policy

Add a privacy policy to your Store Listing to help provide transparency about how you treat sensitive user and device data. Learn more

You must add a privacy policy if your target audience includes children under the age of 13. Check the user data policy to avoid common violations.

https://github.com/bhuvaneshwaranoffl/privacypolicy

Enter a URL, for example https://example.com/privacy

If you save, changes will be saved in Publishing overview, ready for you to send for review.

Discard   **Save**

App access

- location-based access
- memberships and subscriptions
- any actions required to be carried out on another device

If we can't review your entire app, you may be prevented from releasing updates, or your app may be removed from Google Play.

Reviewers are unable to:

- create accounts or use their own existing accounts to access your app
- use free trials to access your app
- contact you for more information

Read guidance   Take Play Academy course

◉ All functionality in my app is available without any access restrictions

○ All or some functionality in my app is restricted

Create and publish a release

Publish your app to real users on Google Play by releasing it to your production track

Hide tasks ∧

○ Select countries and regions ›

CREATE AND ROLL OUT A RELEASE

○ Create a new release ›

🔒 Preview and confirm the release

🔒 Send the release to Google for review

In this production release we will upload the .abb file

The app bundle uploaded

Possible errors may come check all and save

After saved the publishing overview page will display

After the review the verification message will show in the free space and then we can publish

The review will take 3-4 working days or it will take more or less
